## Important Web Site

Here's the key to making math easier in fourth grade...

Please use the following website to help your child master the multiplication tables. If you administer a 5-minute drill each night, your child's skills will improve immensely!

## A Word about Homework...

“Homework will be assigned Monday through Thursday. Assignments should be completed neatly, carefully, and returned promptly. If a student is experiencing difficulty, or spending too much time in its completion, the teacher should be contacted.” Our school follows the recommendation of the Diocese of San Diego for 60 minutes of homework for students in grade 4.
