SUMMER 2010

To our parents whose children will be in 7th grade next year,

Please note the preposition assignment. The test will be the first day back.

The summer reading assignments will be collected for grading on the first day. Even though I have the sixth grade list on my class page, all 7th grade students must select a book from the 7th grade reading list. Should the students have any questions during the summer, they may email me at acorwin@sfs-vista.org as I will be checking my school email periodically during our time off. Please read the complete summer reading assignment page. The student's grade will be based upon both following the directions and the content of the summary and opinion paragraphs.

It is a good idea for all students to practice math every day. There are several good websites that can help with this. Webmath is an example of the many programs available online for free.

Summer is also a good time to learn something new such as doing laundry, cooking, swimming, gardening, housekeeping, keyboarding, and so many more life skills. 7th graders are old enough to take on responsibility around the home and neighborhood. The St. Francis of Assisi parish is looking for volunteers for Vacation Bible School.

May God bless you. I look forward to seeing you in the fall.

Have a great summer!
