

Grade 8

1. Read two novels from the reading list for 8th grade. Please see the class web page for the reading list.

2. Write a response for every 40 pages

Each response must include:

1. 1 page summary (no more)
2. A 1 paragraph opinion of the action or character.
3. A full heading including the title of the book, date, and pages

3. Papers should NOT be organized in a folder of any type. Papers should be typed and all responses should be stapled together with ONE staple in the upper left hand corner.

4. Please pay attention to the numeral in front of each book on the list. That numeral refers to the number of books that the book equals. Some books are quite long and a bit more challenging, so that book would be equal to 2 books. Reading a book from the list which has a “2” in front makes it the only book you have to read. Reading a book with a “1/2” means that the student would need to find another “1/2” and an additional with a “1”.
